The Government and the Union Pacific-A Proposition for a Compromise.

The Union Pacific Railroad Company yesterday, through its President, Sydney Dillon, submitted a formal proposition to compromise all existing differences between the company and the Government. The proposition is prefaced with an expression of the profound regret of the Directors at the existing differences between the Government and the company, and the wish of the latter to do everything in their power to reimburse the Government so far as they can and as speed. ment so far as they can and as speedily as may be, on every dollar advanced from the National Treasury. The company also express a keen sense of the disadvantages they incur, both in popular esteem and pecuniarily, by being in conflict with their great benefactor, the General Government, and their desire to establish such relations of mutual trust and confidence as will best secure the demands of the Government and at the same time promote the prosperity of the company. The proposition is as follows: The Union Pacific Company proposes to pay into the treasury of the United States \$500,000 per annum each first day of July, beginning with 1875, and to continue the payment for twenty years, and thereafter on each first day of July the payment shall be \$750,000; and the money so paid shall be held by the Secretary of the Treasury as a sinking fund to the credit of the Union Pacific Company, specially devoted to the extinction of the Government mortgage, the interest there. ernment mortgage—the interest thereon to be reckoned at 6 per cent. per annum, lawful money, payable semiannually, and the accruing interest each half year to be carried to the ac-count of the sinking fund, to the credit of the Union Pacific Company; and this annual payment by the company shall be continued without delay or default until the amount to the credit of the company in the Secretary of the Treasury shall be equal to the full amount of the Government mortgage, reckoned at simple interest to the same date. The Government lien now existing is to remain as security for the discharge their obligation, to be cancelled who the sinking fund thus created sha equal the mortgages of the Gover ment reckoned at simple interest, which time said sinking fund shall transferred to and shall vest in the United States; and this payment she be in full discharge of all obligation due from the company to the Gover ment. The Secretary is asked, shout this proposition meet his approval,

Some Simple Experiments.

lay it before Congress and ask the

Place a tobacco-pipe in such a posi-tion on the edge of the table that if it were left unsupported it would fall to the ground. A poker may now be suspended from the pipe in such a way that the weight of the poker will be sustained by the pipe. The looped string by which the poker hangs should be as close as possible to the bowl of the pipe, and the end of the poker must fall under the edge of the table. The centre of gravity in this table. The centre of gravity in this case is below the centre of suspension. and the pipe consequently supports

the poker. 2. If a little thread be well soaked in a strong solution of salt and water and then dried and tied to a ring, not much larger than a wedding-ring; you may apply the flame of a candle to the thread, which will burn it to ashes, and yet it will sustain the ring. The cohension of the fibrous particles of the thread having been destroyed by the action of the flame, the ring is suspended by the cohesion of the par-

ticles of salt. 3. Wrap a piece of clean writing paper about the cylindrical handle of the poker, and the paper may be held over the flame of the lamp or candle for some time without being in the slightest degree injured or burnt; now wrap a similar piece of paper around a cylinder of wood and hold it over the flame, which will burn it almost ininstantly. This experiment shows
the difference between the conducting
powers of metal and wood, the heat
being conducted away from the paper
by the iron almost as rapidly as communicated, while wood, being a bad flame, which will burn it almost inmunicated, while wood, being a bad conductor, takes fire almost immedi-

4. Suspend a poker by two strings-and insert the extremities of them in the ears. A blow given to the poker will produce, through the medium of

the strings, a sound equal to that of a This shows that the vibrations given to the metallic mass of the poker by the blow are much more readily communicated to the ear by the strings than through the air. Thus, on the same principle, the boiling of a kettle, inaudible in the air, may be distinctly heard, even from the beginning, by resting one end of the poker on the vessel and applying the other to the ear. So, also, the beating of a watch placed at one extremity of a long beam of timber may be heard through the timber at the other end of the beam, by one holding his ear to the wood, although it is inaudible in the

5. Place in a small glass bottle hot water near the boiling point, colored a deep carmine with cochineal; place the same in the bottom of a glass jar of cold water. Immediately the light. hot, colored water in the phial will be displaced by the heavier cold water in the jar, and will ascend in beautiful crimson clouds to the top of the

The citizens of Fresno are taking steps towards incorporating and pro-tecting the town from fire.

CITY AND COUNTY OFFICIAL PAPER

.....FEB. 16, 1875. TEUSDAY,....

Why it was Not One of Them.

IRWIN stated that \$100,000 of the Pacific Mail bribe money disbursed by him was sent to the Pacific Coast, and the San Francisco Post is manifesting a good deal of curiosity to find out who got it. It is confident that it was paid to newspapers and makes a daily guess as to what journals received the NEW Goods! New Goods! Marxsen Bros.. of the new variety store, corner of Main and Third streets, keeps constantly on hand a large variety of Dry goods, Clothing, Gents' underwear, Boots and Shoes, Groceries, etc. A large supply of new goods just received, and sold at reasonable rates. All goods are of the best quality: no auction goods sold by us. We respectfully solicit the public to examine our goods and judge for themselves. Goods delivered to any part of the city free of charge.

guess as to what journals received the money. The Post may or may not be right, but the confidence with which it asserts that the sum stated was certainly used to secure the silence or support of newspapers, suggests the thought that, had the bribers thought the Post of sufficient importance to offer it a slice of the pie. right, but the confidence with which it asserts that the sum stated was eerhave found it nothing loth to accept

The Aromatic Weed.

There is a great deal of tobacco used in the world, and a great deal of it grown in the United States. The exports for the last fiscal year amounted Agency Liverpool and London and to 318,097,804 pounds, the value of which was \$130,399,181. We imported, to 318,097,804 pounds, the value of leaf and stem, 10,000,000 pounds, worth \$5,332,548 41. Besides this, we imported 845,744 pounds, or 78,888,000 cigars, valued at \$3,038,628. Beside these, we manufactured from foreign and domestic material 1,780,961,000 cigars. The average daily consumption is set down at 7,168,000. The revenue of the Government is set down at \$39,392,936. Here is food for thought, as well as musings in smoke. All these millions expended for a single luxury-literally smoked and chewed away. Won't somebody figure up the value of the matches consumed in lighting these cigars and pipes.

Doing Good work. Mr. J. A. Johnson, of the Santa Barbara Press, is doing California good work in the East. His views and lectures have been well received at all points, and the information he has given relative to the soil, climate, etc., of this portion of the State is inducing many to come out and see for before leaving their homes in the East, and all agree that he neither understates nor over estimates the facts. He has already lectured in New York, Massachusetts and Connecticut. He repeated his exhibition of Southern California views in New York city, Boston and Hartford, before large audiences made up not of mere sight. seers but of persons who intend to "go West," and are seeking information as to the most desirable place to locate. Mr. Johnson's work will do much in the way of disseminating correct information relative to Southern California.

A Slight Error.

Our neighbor, the Santa Barbara Index, is dissatisfied with the route selected by Senator Jones and his associates over which to build a railroad leads, dog chains, and various other articles required for sportsmen and others. Apply at once at the "Identical," 38 Main street, under Backman House.

Giates over which to build a railroad for the transportation of the ores of Panamint to the seaboard, and holds Engineer Crawford responsible for the mistake into which it claims they the mistake into which it claims they have fallen. We have no disposition to get into an argument with the Index. It is edited in part by a woman, and our experience with the sex goes far to prove that though Soledad and Cajon Pass and report his views and observations of each. He performed his work faithfully and laid his report before the Board of Directors of the Los Angeles and Independence Railroad Company. The Board saw that Cajon Pass was the most practicable route and at once adopted it. The chief error into which the Index has fallen is concerning the object of the parties who employed Mr. CRAWFORD. It seems to think the road should have been built from Santa Barbara, while the purpose of Senator Jones was and is to build it to Truxton. We shall not dispute the assertion of the Index that a road can be built from Santa Barbara through Soledad Pass, but we respectfully urge that Mr. CRAWFORD is not in the employ of a company having that object in view. The accident of location is the cause of our esteemed cotemporary's glamour.

How it is Done.

There may have been a time when a board, a committee or a council was competent to hear and determine on charges preferred against one of its members. We say there may have been such a time, and we are led to make this admission through reading in the records of the far back days, instances where such trials resulted in the substantiation of the charges and in the conviction of the accused. We read in the chronicles of these trials tions both from Republicans and that the members of the board sought only for truth and justice; that their sole purpose was to fairly and thoroughly investigate the charges and establish the guilt or innocence of the accused. If this custom, the existence of which is supported by these chronicles, ever was in vogue it has long

were too honest to be rascals themselves or to aid in covering up the rascality of others. Times have changed | pany. -changed in this respect at least. Now 'tis the fashion for members of the board to screen one of their number who has been charged with raisconduct in office. The accuser must fight the whole Board which, while it tries the case, does all in its power to prevent the introduction of evidence in support of the charges. It was on this plan that the charges of improper conduct against a member of the San Francisco Board of Education was lately conducted. It is upon this plan nearly all investigations of a similar nature are conducted now-a-days. Is it to be wondered at that the people are wronged?

A Twice Told Tale.

Looking at the matter from our standpoint-it is a long way from Los Angeles to the State Capital-it appears to us that the negotiations now going on between the Central Pacific Railroad Company and the people of Sacramento about the establishment of a rolling mill at Sacramento city, is but a masked play of the railroad ing, Patrick Rock and Patrick Kelly, company to add another straw to the load beneath which it hopes to crush the Sacramento Union. They have said they would kill it if it cost them a million dollars, and their assumption selves build shops and make other improvements in Sacramento while the provements in Sacramento while the place assumes an attitude of hostility to them, is simply bosh, and is intended to influence the people against the | tiary. Union, and thus aid the company in effecting its destruction. The true phase of the case may be stated in a few words: The railroad managers will build a rolling mill in Sacramento if it is to their interest to do so; if it is they will build it somewhere else. This is all there is about it. This farce iation and love feast between the railconsigned to the lowermost regions, tion on fares and freights. but the offices went to San Francisco large audience in the Assembly Chamall the same. So it will be about the ber this evening on the "Inner Life of rolling mill. The fool-killer has not | Mormonism." been in Sacramento since the Legislature adjourned.

The People's Reward.

It is an old and trite saying that people, and it appears they made a guilty. ong black mark against those who oakland Resolutions-About the Reascepted their proportion of the grab. Among those Senators who took the been retired: BOREMAN, West Virginia; Brownlow, Tennessee; CARas, GILBERT, Florida; LEWIS, Virginia; STOCKTON, New Jersey; STEW-ART, Nevada; SPRAGUE, Rhode Island; TIPTON, Nebraska. This is, we believe, the full list of back pay taking Senators, and it is some proof of the people's tenacity of memory that not one of them has been re-elected.

Congressional News.

WASHINGTON, February 12th.-The question of compromise with the Union Pacific Railroad, as suggested in Dillon's letter to the Secretary of the Treasury, was the subject of discussion to-day. The Cabinet is disposed to favor some compromise as being more to the interest of the Government than a series of suits; but suggested that the changes necessary to be made by the company should be in relation to the details of adjournment and the time of payment.

The Secretary of the Interior affirms

the decision of the General Land Office, that land covered by homestead is subject to pre-emption claims instituted prior to the homestead.

The committee having the matter in charge will report a new bill taking for a basis that introduced some time

the exceptions and ordered a judgment on the verdict. He will there fore be sentenced to death.

Legislation on Railroads.

MILWAUKEE, February 14th.-The report of the Railroad Commissioners will probably be delivered to the Leg-islature to-morrow. It will recom-mend the repeal of the Potter law and the substitution of such legislation as will authorize the Commissioners to fix maximum rates of freight and passage for the first-class roads-viz: the St. Paul and Northwestern. No restriction is proposed on second-class roads. It is proposed also that each road shall be appraised, and when net earnings exceed ten per cent. of its value, the rates shall be reduced.

The New Revenue Bill.

WASHINGTON, February 14th.—The new revenue bill meets with objec-Democrats. Doubts are expressed whether it can pass in its present form.

The National Grange.

CHARLESTON, S. C., February 14th.

—In the National Grange, Saturday, the report of the Committee on Mississippi River Levees was submitted. It recommends such aid from the gensince fallen into disuse and is now re- eral Government as is consistent with

garded as a legend of the days when national prosperity. The Committee boards were composed of men who on Commercial Relations ask from Congress and the States through which it will pass, a charter for the Eastern and Western Transportation Com-

Foreign News.

LONDON, February 14th. - Prince Gortschakoff has replied to England's refusal to participate in the International Code Conference at Petersburg. He says a way will be open for England to give her adherence to the resolutions whether she joins the conference or not. The moderate tone of the reply is attributed to the meditation of Germany.

PARIS, February 14th.-A telegram from Carlist sources says that General Morionez is separated from the army of the North and is blockaded in Pampeluma, which is in a worse condition than before it received relief.

It is said that all the Ministers except Chabaud La Tour, have acceded to Mahon's request to remain in office until the end of the crisis on the constitutional question.

MADRID, February 14th.—It is ru-mored that the Alfonsoists have fallen back, and that the Carlists in Biscay have been reinforced. A sudden attack on Bilboa is threatened. Alfonso has returned.

A large lot of furniture from the East and San Francisco, at the new furniture establishment in Ducommun's new building, Main street, corner Commercial.

It was pay-day yesterday on the railroad. In the forenoon the pay-car went through this place to Spadra, and in the evening made a trip to Anaheim. It is safe to say that the boys all along the line "smiled" and were

We learn that quite a serious and perhaps fatal accident occurred to one of the passengers on the Mohongo on her last trip down from San Francisco. A young lady, Miss Lizzie Cozzins, was suffering with tooth-ache, and applied to a priest who chanced to be on board for a remedy. The Reverend Father gave her a phial of laudanum, with instructions to place a drop upon the aching tooth; but, disregarding the advice, she took a swallow of the liquid. The drug soon took effect and threw the lady into a profound sleep. The passengers became alarmed, and did all in their power to resuscitate her, keeping her walking about the deck all of Sunday night. In the morning she was apparently much better; but before our informent left the steamer, had taken a relapse and was in quite a critical condition.

Grand Jury.

Court. The panel is returnable on

CENTINELA LAND SALE.

A Great Success-Over One Thousand

Acres Sold in Two Hours. The sale of Centinela lands advertised to take place on the rancho at 12 o'clock yesterday, did not commence TUESDAY,..... FEB. 16, 1875. until after 2, owing to the drivers of four of the conveyances missing the road and going down into the Ballona. The sale commenced at lot No. 49, containing 40 acres and was knocked down to Geo. C. Washburne at \$26 per acre. The following 40-acre lots were then sold to the following named purchasers:

Name of Purchaser. 86. F. P. F. Temple. 50. G. C. Washburne 77. H. Sheldon...... 51. J. U. Crawford Lots 7 and 8, in block 2, 10 acres, A. H. Ha-Lots 3, 4, 5 and 6, block 2, 20 acres, S. Her-Lots 1 and 2, in block 2, 10 acres, to D. M. Brown Lots 1, 2, 3 and 4, in block 3, 20 acres, to G.

Washburne Lots 5, 6, 7 and 8, blk 3, 20 acres, B. Peters... Block 22, 40 acres, J. Crawford

Lots 1, 2, 3 and 4, blk 1, 20 acrs, J. B. Frick

5 and 6, 1, 10 A. H. Havell

7 and 8, 1, 10 Lucy Brown.

1 21, 5 Geo. Hansen.

2, 3 and 4, 21, 15 C. H. Bush...

5, 21, 5 W. Maston...

6, 7 and 8, 21, 15 W. Maston...

1 1 and 5. 48, 10 G. Hansen... 1 and 5, 2, 3, 4, 6, 7, 8, 1 and 5, 4 and 8, Blocks 82, 83, 125 and 126, 160 acres, D. Free-

The sale closed at 4 o'clock. It will thus be seen that in less than two hours over 1,000 acres of land were sold at an average of about \$40 per acre. Several purchasers were offered a bonus on their purchases. Colonel Baker, who bought block 23, was of-fered \$800 bonus on his bargain. Mr. Crawford was offered \$159 bonus. The sale will commence to-day at 10 o'clock. Free conveyance will be furnished to all who wish to go to the rancho. There will be a splendid chance to secure farms to-day, as some of the finest farming land on the West side of the tract will be offered for sale. This, owing to its distance from the This, owing to its distance from the town, will probably sell cheap, compared with yesterday's prices. Some of these prices may seem excessive; but it must not be forgotten that most of the land sold yesterday was near the town site and in the best part of the yelloy. Just as good farming land the valley. Just as good farming land will be sold to-day at probably not over half the above figures. The ex-ceedingly liberal endowments made by the company to a public school and college added largely to the prices obtained for the land. Centinela will

soon be a populous and prosperous

The following notes we take from a Kansas exchange, the Independence Kansan, from which it would seem that there has been a gross misapplication of the contributions sent to the sufferers of that State or else somebody is very jealous. It may be that some good people East have been taken in and done for:

When the "supplies" arrived at Eik Falls, a chap who looked as if he had been destitute for the last ten years, wanted to know if they had "sent any has removed his establishment to good licker."

It is thought by many people living in Howard that a ring has been formed in the Southern part of the county for the purpose of making a stake off the destitute supplies.

A man living near Elgin, Howard county, received 500 pounds of flour for hauling relief freight from the depot over there. He made application for more and getting it, offered the flour

This Winter will be long remem-bered by the Kansas law-makers. After they had endured chinch bugs, grasshoppers, drouth and independ-ent voting, the monopolies had to up and make them pay their railroad

A poor devil living south of town wanted to know if that relief money which is being sent to Topeka from all over the East, would be loaned to the destitute at anything less than three per cent. a month. He was assured that if the destitute ever saw any of that money, they would have to pay the usual rates and give first-class security, as the Topeka banks were very cautious since the panic.

A person applying for relief, under the head of destitute, in this section, is expected to own 160 acres of land, 40 of which are in wheat; a good team; three or four cows; several stock hogs, farming implements, and to have provisions and feed enough on hand to keep the family and stock one year. These rules are to be strictly adhered to in all cases, excepting where a man is engaged in a paying business not requiring such things as lands, teams,

Now is the best time to come to Kansas that has been known since the days when we used to go through Missouri smoke houses and corn cribs on our way to emancipate the colored population. The people in the East are passing around the hat, sending in grub and old clothes; lands are cheap, grub and old clothes; lands are cheap, and good times are coming. If you don't want to work for a living you can turn destitute and take it easy. Horace Greely didn't tell the truth when he said, "Young man go West." He is a liar, and if he will go down to Coffeyville he'll get lick ed.

The Fresno Expositor states that the sum of \$6,500 is in the Sinking Fund for the redemption of the Court-house and Jail bonds. At this rate, considering that not more than half the bonds have been issued as yet, all the bonds will be redeemed inside of ten The following is a list of Grand Ju-rors drawn yesterday in the County crease in the rate of taxes for county purposes.

Something for the Council.

EDITOR HERALD: We have reason in which our city is improving, and I believe your assertion that within the near future solid blocks of buildings will be erected where farms are now cultivated. Well, we have ample room

for expansion. Yet I am sorry to see that there still lingers a relic of the old unprogressive spirit that in the past hung as an in- Greatest Bargains Ever Offered cubus on the growth of this city. I

mean the matter of street jumping-a thing quite common in this angelic town. There is an old and trite saying that one-half the world don't know how the other half live; and it would astonish the denizens of this village, especially the new-comers, to know that there are people here who in the past have lived by street jumping. The modus operandi is as follows: They will get land on the outskirts of the population and go to work unmolested and fence in the streets, and when the community needs them they sell out

to the city.

It is said that one enterprising citizen has grown rich in this way, and yet has streets to sell and is now contemplating the fencing in of the half

of one of our principal streets.

If you will look on the map of this city you will see that Figueroa street was laid out from one extreme of the city to the other: that is to say six miles long and 99 feet wide, and it has been jumped, sold and fenced in until there is left of it only about a mile, and I believe a committee of the Council have reported in favor of slicing that down some 20 feet to oblige some people who have been encroaching thereon.

Now I have no suggestions to make to our hard-working Council, but if they would be up to the progressive spirit of the times and inquire how many and what part of any streets have been jumped or encroached upon, they would do their constituents a great favor. ARGONAUT '50. Los Angeles, Feb. 15, 1875.

Suggestions on Health. EDITOR HERALD: I love machinery, and am never more at home than when among the busy wheels, or watching the tireless arm of the engine as it answers to the expanding steam. Think what the mechanical power that has been utilized within the last century out of the inertia of the coal measures-the gravitation of falling water and the momentum of the wind has accomplished as compared with mere manual labor. But that the whole of man's ingenuity should be turned to devolop material wealth-neglecting the mental and moral—is likely to subvert his own grand aims and destiny. There must be a certain balance, an equilibrium kept up between all the powers to have harmouy. What is it but this principle that has brought on all the struggles between nations in the wars of the last three-quarters of a century? The balance of power must be kept up or anarchy is inevitable; chaos supervenes. Their why not be consistent in all civil and educational measures, cultivating such a thorough balance of knowledge and physical develop-ment that the danger of individual chaotic conditions may be availed? The insane asylums of this coast are overcrowded with poor creatures that have become victims to this tendency to neglect the proper educational bal-ance. The life, health and vigor of our rising generation are of infinitely greater importance than any mere temporary gain of wealth or mechanical achievement, however grand the results of such achievement. Then why not introduce into our schools

these studies and practical appliances that are necessary to train our youth to have such a balance of knowledge ethical, technical and practical that fits them for the arena of the nineteenth century. This is the age of giants in one sense, if not in the right sense. We talk about giant powder, giant quartz and corn mills, giant machines and gigantic undertakings and frauds; but have we the bodies, the physique, to match? I say no: and herein lays our weakness-our liability to wreck the neverso-carefully matured plans of State, of moral victories or of mental achieve-

ments. A man and woman come here to this coast and set up their modest establishment-their miniature confederacyand go into the business of life—happiness is the desideratum. They struggle and toil together, in every way, contriving to eke out means to make ends meet. In the meantime a family is growing up around them. Sons and dau, hters are added until the beautiful little confederacy is quite numerous. All the energies are turned to gather wealth, and at last it is secured. The piano is bought, pictures adorn the walls, books crowd the shelves, carriages and fine horses are in the stables—happiness surely ought to be near. But the balancing has been neglected—that nice adjustment of knowledge and wealth-moral, intellectual and physical health has been overlooked. Death steps in and snatches a loved one from the circle, breaking the charm and destroying at one fell swoop the castles hope and love and labor had been so fondly rearing. All this because the simple laws of a hygienic life had been left out of the bill when they thought everything was down in "black and white" that was necessary to constitute their paradise. F. M. SHAW.

ARTESIA.

3,500 Acres of Fine Artesian Land in a Body.

The Tract is being Cut up into Small Farms & Homesteads and will be sold at the Purchaser's Own Price.

Strong Flowing Artesian Wells Can be Had on Every Acre of the Tract.

The Los Angeles Immigration and Land Co-operative Association has purchased a tract of 3,506 acres of fine, valuable land, lo-cated just south of Norwalk Station, on the S. P. R. R., East of New River, and are having it cut up into forty-acre tracts.

The soil is of a rich sandy loam and free from alkalf. There are two or three small pieces of alkali ground on the tract, but they will be pointed out to purchasers so that they may know what they are buying. The character of the soil is more like the warm mess lands of the country, than the low, damp corn lands.

Semi-Tropical Fruits

Will there find a combination of soil, climate and water well adapted to their rapid growth. These lands are not entirely free from frosts, but the cold is not severe enough to injure the growth of semi-tropical fruit trees, and rarely does any damage, except to the most tender vegetation. Water.

Flowing Artesian Wells

Can be readily and SURELY obtained at a depth of from one hundred and thirty to two hundred feet. There are many flowing wells in the immediate vicinity, and within the artesian belt no failure to get flowing water has ever occurred. The town of

ARTESIA

Has been laid out on the township line three miles South and three-quarters of a mile West of Norwalk Station. A quarter-section of land is included within the town plat. It is the intention to make this town the center of one of the richest farming communities in Los Angeles county.

A Fine School House Will be erected soon by the company on a 2-acre town lot donated for that purpose. Ten per cent, of the receipls from the safe of town lots will be devoted to the erection of a School House and the improvement of the school property, and 2½ per cent, of the receipts from the sale of outside lands at the first auction sale will be devoted to the same purpose. These sums will be paid from the first payments made on lands.

Arrangements are now being made for the establishment of a Methodist Episcopal Church, and the erection of a house of worship.

A lot will be given to any Church or Society that will erect thereon a building for public

PUBLIC SALE. These lands will be offered at Public Auc-

TUESDAY, WEDNESDAY and THURSDAY,

February 23, 24 and 25, 1875. Thus affording settlers an opportunity to procure homes at THEIR OWN FIGURES. STOCKHOLDERS IN THE ASSOCIATION

> OUTSIDERS TO RUN UP THEIR OWN PROPERTY TO HIGH

WILL NOT BE BIDDERS AGAINST

TERMS. The terms on all sales of lands outside the town plat, and on town lots exceeding one acre in size (three-fourths of the town plat), will be ONE-FOURTH DOWN AND THE BALANCE IN ONE, TWO AND THREE YEARS, at one per cent. interest per month, On town lots of a less size than one acre, one half down, and the balance in one year with interest at one per cent. per month.

J. E. McComas will be on the grounds daily to show the land to those who desire to examine the same up to the day of the sale.

During the sale free transportation will be furnished those in attendance, from the cars to the lands and return, and reduced fare for the round trip will be secured on the railroad from Los Angeles and return.

TEMPERANCE. Believing that the sale and consumption of spirituous and malt liquors in the settlement would be productive of much evil continually, and no good, the Association will insert a clause in all deeds prohibiting forever the sale of intoxicating drinks, as a beverage, on the lands sold.

Excursion Tickets.

Will be furnished from Norwalk to Artesia and return. Mr. McComas will act as guide to conduct those examining lands over the tract. Carriages will be at Norwalk daily to meet excursionists.

THE NEW ITALY.

world.
The Board of Directors of the Association for the present year are as follows:

ANAHEIM. Sole Agents for Los Angeles County.

J. W. CLARK & CO.,

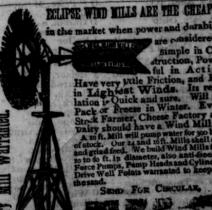

Plats of the lands and further information can be had by calling at the office of the Association, 1½ SPRING STREET, LOS ANGELES.

The Immigration and Land Association will sell excursion tickets at reduced rates at their office, No. 1 1-2 Spring street, good for the round trip from Los Angeles to Norwalk and return. These tickets are good at any time until the close of the sale. Free Conveyance

THE PEOPLE

MEDICAL.

WINES.

-- NOW --

Realize What YEARS OF OBSERVATION AND EX-perience have demonstrated; that no physician in general practice can give to CHRONIC diseases the time and investigation necessary to insure perfect success. I have, therefore, decided to make a specialty of all CHRONIC DISEASES.

all CHRONIC DISEASES,

Medical and Surgical, And am prepared to give the most careful study to each case, and to treat diseases in the most scientific manner. I furnish the purest drugs, and all the latest and best Medical and Surgical appliances, and devote my time, skill and medicine to the relief of the afflicted, at reasonable prices.

A little ever one year's practice in Leg. And A little over one year's practice in Los Angeles, as well as the many warm expressions and acts of gratitude on the part of those I have treated, has satisfied me that my services are appreciated. References; my

Office: Nos. 57 & 58, Temple Block. Entrance on Main street, and between Tem-ple Bank and Portugal's store, second floor. CONSULTATIONS FREE. Office hours, 10 to 12 A. M. and 2 to 5 P. M. At other times by special appointment.

J. H. LEAL, M. D. READ THE FOLLOWING:

SATISFACTORY. SAN GABRIEL, April 20, 1874.

My little boy, over two years old, has suffered terribly for more than a year from obstruction of the URINARY organs. All means of relief seemed unavailing, until I was advised to consult with Dr. LEAL of Los Angeles. After a critical examination he found and removed a stone from the uretha weighing five grains. Immediately relief followed, and my child is now well.

W. J. JONES.

Grateful, not only for entire relief from terri-Grateful, not only for entire relief from terrible suffering of seven years' standing, but a perfect cure of internal piles by an operation scarcely more painful than my daily sufferings before the operation. I feel it a duty I owe to those similarly afflicted to give this testimonial of the skillful and efficient treatment of DR. J. H. LEAL, of Los Angeles. Dr. Leal's success is more highly appreciated from the fact that several of the prominent physicians of Los Angelss had treated me without understanding my disease, and of course without success.

ISABEL MARTIN. Success. ISABEL MARTIN. SAN GABRIEL, March 14, 1874.

To the Afflicted.

EXCHANGE HOTEL,
WILMINGTON, March 30, 1874.
Having suffered severely with chronic inflammation of the eyes, I had determined to
go to San Francisco for treatment, when I was
referred to DR. LEAL, of Los Angeles. Under
his care for a single week my eyes are perfectly
well, and now my sight is better than it has
been for the past ten years.

CENTINELA

SIX MILES FROM LOS ANGELES

The Home of the Orange and the Lemon.

AUCTION SALE -OF-

TOWN LOTS

-AND-

WILL COMMENCE ON Monday, Feb. 15, 1875. AT 12 O'CLOCK M.,

FIVE DAYS.

AND CONTINUE

The sale will take place on the Rancho. Parties desiring to purchase SHOULD BE ON THE GROUND a few days prior to the sale, n order to EXAMINE THE PROPERTY.

Title, UNITED STATES PATENT.

Situation. "Centinela," with the addition of the "Sausal Redondo," contains 25,000 acres. The boundary of the Rancho commences three and a half miles from the city limits of Los Angeles, and extends to the Pacific Ocean.

Topography.

"Centinela" is made up of one broad, level fertile valley of over twenty thousand acres and beautiful fertile rolling hills near the

The soil is an exceedingly fertile loam, an is, without exception, the richest and most productive in Southern California. Its vicintity to the ocean insures a crop without irrigation. Excellent wheet has been raised for the last two years upon the hills adjoining the ocean. This wheat field contains 1,000 acres and covers the lightest soil upon the Rancho. There is no alkali or barren land.

Semi-Tropical Fruits.

There are a few bearing orange and lin rees upon the Centinela, and the fruit they trees upon the Centinela, and the fruit they produce is of the largest and finest quality. There is an orchard containing 6,000 orange trees three years old, and 1,700 almond, lime and lemon trees. The almond, lime and lemon trees will bear fruit in 1875. The orange trees will bear in five years. There are 7,000 three-year-old orange trees in the nursery pear the orghand light proper and gum sery near the orchard. Fig. pepper and gum trees grow without irrigation. The entire or-chard can be taken care of by three men with six horses. The orchard will be kept undivided by the company to save the expense of each shareholder having a few trees to take care of. Each share will entitle the owner to about 15 trees in the erchard and about the same number in the nursery. The almond, lime and lemon trees will yield an immediate return. In five years each orange tree will produce \$20 per annum, or \$300 per share for those now planted. There are flowers in the garden in bloom every day in the yea

Sheep.

After the lambing season in January the flock of sheep will number about 14,000 and they will be kept undivided, to save expenses to the shareholders. This will give about thirty sheep to each share. The sheep will produce, in increase and wool, over \$2 each yearly, over expenses. They will be grazed upon outlying and unsold lands of the company. The "no fence" law is in force in Los Angeles county to supply every lot with crystal, cool, sweet water.

Climate.

The climate of the Centinela is, without exception, the finest and most equable in the world. It varies but little throughout the year. The mean temperature is about 60 deg. The mercury falls but little below 60 deg. in Winter and rises but little above 60 deg. in Summer. You sleep under one pair of blankets and with your bed-room window open every night in the year.

Agriculture.

The soil of the Centinela is admirably adapted for all kinds of grain, vegetables and fruit.

Water.

The Centinela creek rises upon the rancho and runs through the northern portion of the tract. It affords an abundance of clear spring water. The source of the Centinela creek consists of several natural artesian springs, showing that artesian water can be obtained

The Town.

A square mile is laid off at an eligible point on the tract, with lots 25x140; avenue 100 feet and streets 80 feet wide

A stream of water can be brought in so as to supply every lot with crystal, cool, sweet Provision will be made for a College and

A large lot-will be set apart for each religious denomination. A block will also be given for the erection of a large hall by the different Fraternal, Grange and Temperance

Parties desiring to visit the land should take steamer from San Francisco to Los Angeles; fare, \$12. By inquiring at Temple & Workman's Bank, in Los Angeles, they will be directed to the Rancho.

Apply to Wm. H. MARTIN,

General Agent California Immigrant Union, 534 California street, San Francisco, bet. Montgomery streets; to TEMPLE & WORKMAN, Bankers, or Gen. SHIELDS, Los Angeles; or O. L. ABBOTT, Corresponding Secretary State Grange Immigrant Aid Association, Santa Barbara.

P. S.-A second sale will take place on the Rancho, commencing on MONDAY, the 8th of March, 1875.

Further information will be furnished by an officers and Directors of the Centinela Land Company of Los Angeles, who are:
F. P. F. TEMPLE, President; F. P. HOWARD,
Vice-President; J. S. SLAUSON, Los Angeles
County Bank, Treasurer; W. H. J. BROOKS,
Secretary; J. M. GRIFFITH, of Griffith,
Lynch & Co., Los Angeles; General J. H.
SHIELDS, Lot Angeles; O. W. CHILDS, Los
Angeles; D. FREEMAN, on the Rancho.
de2
W. H. J. BROOKS, Secretary.

ENDORSEMENT OF THE HON. J. ROSS BROWNE.

SAN FRANCISCO, November 28, 1874.

WM. H. MARTIN, General Agent California Immigrant Union—Dear Sir:—I have just vis-ited the "Centinela and Sausal Redondo" Rancho, and driven over the land described in your advertisement. With all my experience in the southern part of California, I have seen THE PROPRIETOR DESIRES TO inform the interest of colonization, I know of no large body of land

Action brought in the District Court of the 17th Judicial District of the State of California, in and for the county of Los Angeles, and the complaint filed in said county of Los Angeles, in the office of the Clerk of said District Court.

The People of the State of California send greeting to M. Hannau defendant: You are hereby required to appear in an action brought against you by the above-named plaintiff in the District Court of the Seventeenth Judicial District of the State of California, in and for the county of Los Angeles, and to answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons—if served within this county; or, if served out of this county, but in this District, within twenty days; otherwise, within forty days, or judgment by default will be taken against you according to the prayer of said complaint.

The said action is brought to obtain a decree of this Court for the dissolution of the bonds of matrimony between plaintiff and defendant and for general relief. Reterence is had to complaint for particulars.

And you are hereby notified that if you fail to appear and answer the said complaint as above required, the said plaintiff will cause your default to be entered and will apply to the Court for the relief demanded in the complaint.

Given under my hand and the seal of the District Court of the Seven-teenth Judicial District of the State of California, in and for the state of Los Angeles, this 28th day of December, in the year of our Lord one thousand eight hundred and seventy-four.

A. W. POTTS, Clerk, dec29-2m

FELIPE NERIO VALENZUELA. Los Angeles, Cal., February 8th, 1875. feo9.4w

PROCLAMATION.

colonization, I know of no large body of land so near a growing commercial centre, in California or elsewhere, to equal it. No part of it is unavailable for farms, orehards or homesteads. It can be subdivided into lots ranging from five acres to several hundred acres and every acre of it can be made productive. Water is abundant and convenient. The land is subject to easy irrigation; and I can vouch for the fact that it will produce anything that flourishes in Los Angeles or Santa Barbara counties. It is my confident opinion that the value of shares in this magnificent tract will be quadrupled within two years—such is the extraordinary influx of immigration to the vicinity of Los Angeles at the present time, Wishing you success in your undertaking, I am, very truly yours, J. Ross Browne.
